

HELP THE PALY FIERY ARTS

As you may know due to COVID 19 the school and the Paly Glass Studio have been closed since Spring 2020. We have reopened for the 2021 school year, with new safety protocols that will allow students to engage in a robust clay and glass curriculum. Paly sculpture students have access to a full ceramic and sculpture studio. Materials studied focus on clay and include glass, wood, metal, stone, plaster, and found objects. There are only a handful of public high schools that have this comprehensive sculpture curriculum. We need your HELP to continue this unique Paly program.

Typically, over 110 students a year in Sculpture and Advanced Sculpture classes have this incredible opportunity to engage in hands on projects that encourage creativity, visualization, and teamwork. They can also develop the technical skills and processes of an artist and craftsperson.

Please join us for our Fiery Arts Fall Sale on September 17th and 18th. This is our biggest fundraiser for the program. We'll have over 1000 hand blown pieces of glass on display and for sale.

The studio has to self-fund its operating budget. This is how:

- ✓ Your back to school **donation** is critical to offering these art classes.
- ✓ **Our fall and winter sales are our biggest fundraisers.** check the PalyLink for dates.
- ✓ Also donate to the David **Camner Fiery Arts Scholarship**, recognizing exceptional graduating seniors in ceramics and glass.
- ✓ **Weekend Workshops** at Paly are currently ON HOLD; check back in 2021. They are open to parents, students, and the public to learn how to blow glass. Contact Paly Glass founder, David Camner at: dcamner@pausd.org
